## Step 1

Position the Contour Shelf upright in its final location. Attach 1x anti-tip cable (A) to the top shelf using the 1x washer (B) and 1x M4 screw (C). Tighten until secure, ensuring the cable is seated flat against the underside of the shelf. Repeat this step on the opposite side.

## Step 2

Fix the opposite end of the anti-tip cable (A) using 1x washer (B) and 1x M4 screw (C) to the wall using appropriate fixings for your wall type. Adjust the cable so it is taut and evenly tensioned, then fully tighten all fixings. Ensure the shelving unit sits level and is stable before use.
