

Double the layers, Double the fun.

1. Make a mess. From wine afternoons and dinner parties to pet birthdays and pillow fights, let life happen.

2. Give it a wash. Forget the stress of spills or stains. Remove the top layer of your rug from the base and place it in the wash. Machine wash on a cold, delicate cycle before using mild, non-bleach detergent.

3. Dry & reconnect. Depending on the texture of your rug, gently hang to dry or machine tumble dry on a low heat setting. Reconnect your rug to the base and enjoy your home.
