

## PRODUCT SPECIFICATIONS

## Cooper Dining Table | Small

A modern statement in stainless steel, the Cooper Dining Table brings refined strength and sleek design to the dining space. With its brushed finish and bold pedestal base, this piece is as durable as it is striking, making it a timeless anchor for gatherings.

## FEATURES &amp; FINISHES

Made from brushed stainless steel, Cooper includes a protective safety glass top to prevent marking, making it practical for everyday dining and entertaining.

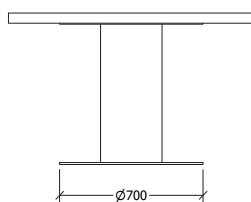

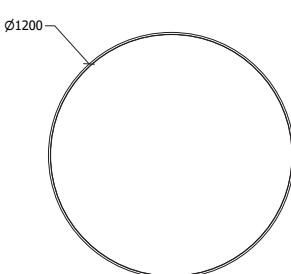

Over time your stainless steel product will begin to show signs of its daily use, if you wish to retain the 'showroom finish' you must avoid placing items directly onto the steel surface. Use felt pads and matts to protect the surface. Stainless steel is a durable material that will maintain its lustre.
